

the ^AV^{RE}A minute news

VOL. I - NO. I

April 15, 1969

HURRAY! SOMETHING ELSE TO READ!

If all goes well and if we have survived the earthquake and the site visit, May 7 will witness the first issue of a newsletter for Area V in somewhat the format you see here. Hopefully, it will be published every Wednesday afternoon thereafter.

PLEASE DON'T ASK TO HAVE A COPY SENT TO YOUR MAIDEN UNCLE

Circulation is intended only for Area V headquarters personnel and committee members so that the cost of distribution and the contents can be kept manageable.

V-MINUTE NEWS is not meant to replace or compete with VIEWPOINT. The latter will continue to be Area V's official publication, with an expanding circulation and, as circumstances permit, more frequent issues. The next issue is scheduled for May 1.

OBJECTIVES AND GOALS

You'll be relieved to hear that there aren't going to be any. The sole purpose of V-MINUTE NEWS is to keep all of us better informed without having to wait for the official minutes which will not arrive until the week after next.

THIS IS A FAMILY AFFAIR, SORT OF

To make V-MINUTE NEWS effective, everyone will have to participate. Masterpieces of prose aren't necessary--just the facts--the gory details can be tracked down later by anyone who is interested.

CALENDAR

The reverse side of V-MINUTE NEWS will contain a calendar which will indicate meetings scheduled for the week following the Monday after publication and forward, for as far ahead as space allows.

The information for the calendar will be based on the Area V master calendar, and from official notices of meetings which are distributed to members of committees.

If there is some reason a meeting should not be listed in V-MINUTE NEWS, this had better be noted on the Meeting Notice. (We shall, of course, be vastly intrigued to know the reason!).

RMP SPOKEN HERE

This is the place to communicate with your fellow-toilers--briefly. If it happened in Area V or affects us, let us know.

For openers, do you agree that four levels of activity need to be covered? Thusly--this is what happened last week

- . at Area V headquarters
- . in our committees
- . at CCRMP
- . on the national level

SOCK IT TO US!

THIS ISSUE IS MEANT TO GIVE YOU TIME TO THINK OF IMPROVEMENTS AND CONTRIBUTIONS BETWEEN NOW AND MAY 6.

THE COMMUNICATIONS COORDINATOR WILL BE WAITING WITH QUIVERING IMPATIENCE ALL THE SUGGESTIONS YOU MAY HAVE FOR THIS IMPETUOUS ENDEAVOR.

APRIL
